SHARE UR ~~HEART~~ CART

PROJECT INTRODUCTION

E-commerce telecom apps currently require manual coordination for group upgrades, making the process cumbersome. We propose a cart-sharing feature where the primary account holder can share their cart via link, QR or other methods. This allows real-time collaboration without login, enabling multiple users to update the cart and the primary holder to place a single order.

01 - SHAREABLE CART

A shareable cart allows multiple users to collaborate in real-time, adding or modifying items for seamless group purchases.

02 - REALTIME CART VISIBILITY

Real-time cart visibility enables users to instantly see updates and changes made to a shared cart by other collaborators.

03 - MULTIPLE DELIVERY LOCATIONS

Multiple delivery locations allow different users in a shared cart to specify unique addresses for their orders, enabling delivery to various locations from a single purchase.

Welcome to Add2Cart

- We have create an application where you can share the account cart with multiple users.
- The primary account holder can upgrade their device, buy a new device, change their phone plan, and want others to upgrade the same (device/phone plan)

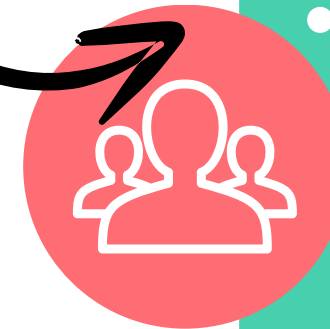

Multi-User Cart Sharing

PRIMARY USER

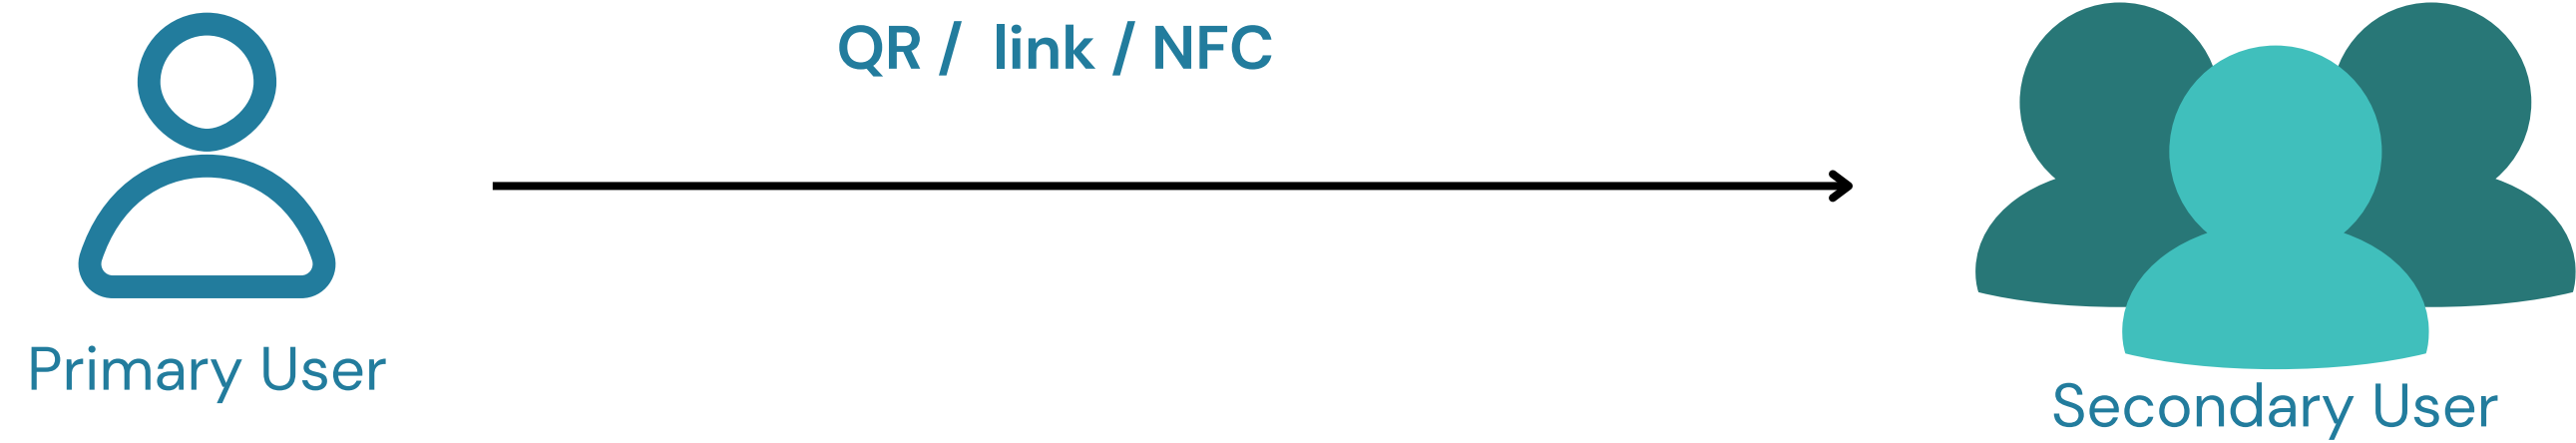

- Provide access to secondary users
- Add/Delete products
- Place order for all
- Approve/Disapprove secondary users
- Approve/Disapprove flagged products

SECONDARY USER

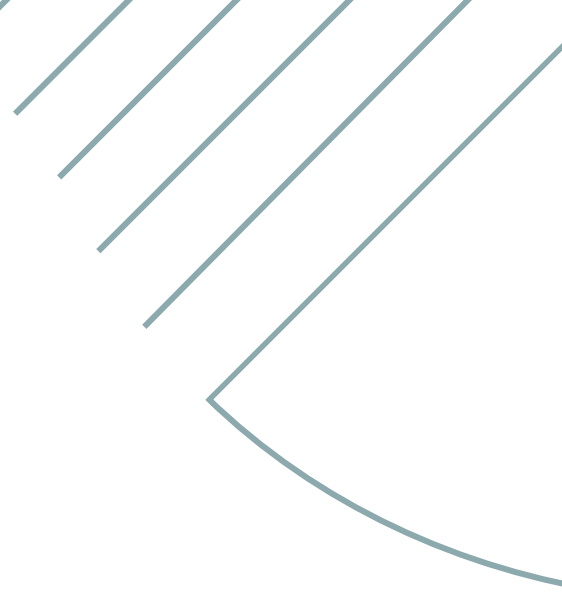

- Add products
- Delete self-added products
- Flag rest products but can't delete
- Real-time visibility of products added in cart

HOW CART SHARING WORKS ?

PAYMENT & ORDER PLACEMENT

- Primary User can remove product flagged by secondary user.
- Primary User has the final authority to make decisions on cart contents.
- Primary User completes the checkout and places the final order.
- Only the Primary User can confirm and process payments after reviewing the shared cart.

IMPACT

- **Enhanced Collaboration:** Enables multiple users to easily add and manage items in a single shared cart for group purchases.
- **Improved Shopping Experience:** Allows real-time collaboration, streamlining decision-making and simplifying collective purchases.
- **Reduced delivery costs:** Individual delivery costs are reduced.
- **Time friendly :** Saves time by placing a group order.

The image features a light gray background with the text "THANK YOU" centered in a bold, blue, sans-serif font. The corners are decorated with abstract geometric patterns. The top-left corner has a series of thin, parallel, light blue diagonal lines. The top-right corner features a cluster of overlapping semi-circles in yellow, red, and teal. The bottom-left corner shows a similar cluster of overlapping semi-circles in red, teal, and blue. The bottom-right corner contains a large, thin, light blue arc with several parallel diagonal lines extending from its base.

THANK YOU
